univie: summer/winter schools of the University of Vienna

Short
programmes
in Vienna
and beyond

A wide-angle photograph of the University of Vienna's main entrance. The building is a grand, light-colored stone structure with three large arched doorways. The steps leading up to the entrance are wide and made of light-colored stone. Numerous students are seen sitting on the steps, some in small groups, others alone. A few students are walking up and down the steps. In the foreground, a student with a backpack is walking towards the right, and another student is standing near a light blue bicycle. The scene is bright and sunny, with shadows cast on the steps.

University of Vienna

Researching
for Europe.
Since 1365.

univie: summer/winter schools give you the opportunity to study for one to four weeks at the University of Vienna and gain credits towards your degree programme. You can dive into a new academic environment in Vienna, other places in Austria and abroad.

About the University of Vienna

The University of Vienna was founded in 1365. It is one of the oldest and largest universities in Central Europe. Around 50,000 active students and 7,000 scientists and academics study and undertake research across the whole range of scientific fields.

The most renowned university in Austria

Thanks to the wide range of disciplines available for research or studying, the University of Vienna is an institution in which both specialisation and intensive interdisciplinary research are possible. Its excellent researchers make an essential contribution to the development of science and to innovations within our society. They inspire the next generation of scientists to explore all aspects of their research topics and to develop new perspectives on local and global issues.

In the centre of Europe

The University of Vienna is located in the modern European capital city of Vienna and in the centre of a culturally diverse continent. It is a particularly attractive location in which to explore the world through the scientific eye.

Locations

Vienna...

Most **univie: summer/winter schools** are held in Austria's capital city Vienna. Particular highlights are the historic city centre with St. Stephen's Cathedral, the Hofburg palace and the museum district. In addition to the many historic and modern cultural venues, Vienna also offers a lively nightlife and expansive green spaces such as the Prater park or the Danube Island, all located close to the city centre. Vienna is a vibrant but safe metropolis located in the centre of Europe and is frequently declared the world's most liveable city (according to Mercer).

Exploring the city and its unique locations is often part of the **univie: summer/winter school programme**.

... Lake Wolfgang and beyond

But other places in Austria also host **univie: summer/winter schools**, such as the picturesque Lake Wolfgang in one of Austria's most beautiful mountain areas.

Bilateral language schools are usually held in the respective non-German-speaking country.

About univie: summer/winter schools

Enjoy excellent academic programmes in various fields of study!

univie: summer/winter schools are short programmes (one to four weeks). They are open to international and local students, with a focus on those studying towards a master's or doctoral degree.

You can meet and learn from renowned experts and high level academics and uncover your potential as a young, active researcher.

You can gain between 3 and 18 ECTS credits (depending on the chosen short programme) towards your degree programme. You will be awarded a Certificate of Attendance and receive a Transcript of Records.

As a univie: summer/winter school participant, you are officially a student at the University of Vienna and therefore protected by insurance cover (for activities undertaken in connection with the school) as well as being granted access to all the services provided by the University of Vienna (library, online learning portal, etc.).

Bilateral language schools provide lessons in the language of the host country for Austrian students and, in parallel, German lessons for students from the host country, with a focus on mutual language exchange (tandem approach): the students mutually assist one another in learning the language.

The bilateral language schools are mainly offered in Central and Eastern European as well as the Romance languages.

Siriguna, China, participant of the univie: winter school for Cultural Historical Studies

“

I gained a lot of knowledge and the programme exceeded my expectations. In addition to gaining a wealth of knowledge in art history and the social history of Vienna, we also had an unforgettable experience in the city itself. I was most impressed by the fact that we were able to study the historical paintings both in the classroom and in Vienna's museums. Fortunately, with the guidance of the professors, we gained a deeper and more precise understanding of various aspects.
