The screenshot shows the u:find search interface. At the top left is the University of Vienna logo and the 'u:find' logo. On the right, there are links for 'LOGIN', 'EN', and 'QUICKLINKS'. Below the search bar, there are buttons for 'HELP', 'BROWSE', and 'FEEDBACK'. The search bar contains the text 'philosophy mind' and a 'SEARCH' button. Below the search bar, there are tabs for 'All', 'Courses', 'Exams', 'Staff', and 'Units'. The 'Courses' tab is selected and highlighted with a red box. Below the tabs, there are filters for '6 hits', 'fuzzy', and 'clear'. The main content area shows a list of search results. The first result is '180095 YO Current Developments in Philosophy of Mind and Cognitive Science (2020S)' with '3.00 ECTS' and a blue 'en' button next to 'SPL 18 - Philosophie'. You can then filter the course list by clicking on “all languages” and choosing the language you are interested in.

Number 2: You can also find courses not taught in German by entering the following command in [u:find](#) (without brackets, with blank characters):

- **lang:[ISO-Code of the language] spl[SPLnumber] [year][W or S]**

The “SPL number” can be found by clicking on “Browse - Course Directory” in u:find – each directorate of studies (SPL) has its own number.

Example for courses held in English from Social and Cultural Anthropology in the winter semester 2020:
lang:en spl24 2020W

Sometimes one directorate of studies lists several fields of study. In this case, you can filter courses taught in English of your field of study by entering the following command:

- **[year][W or S] lang:[ISO-Code of the language] +sge:[field of study]**
Example for courses from Statistics taught in English in the winter semester 2020:
2020W lang:en +sge:Statistik

The name of the field of study must be entered in German because the English terms often do not yield any results.
